## Reponse to District Site Visit 2015-16

Innovations Academy appreciates the opportunity to respond to the site visit report.

1. On page 2 of our site visit report is found the following statement, “The following persons held the identified roles at SDGVA.”  
Correction: “SDGVA” should be “Innovations Academy”
2. On page 7 it is stated that Innovations Academy is operating Food Truck Thursdays without a permit. Documentation is attached with this response that shows that SDUSD is fully aware of the Food Truck Thursday fundraiser and is receiving payment for it.
3. On page 8 of the report, district staff refers to the Mission Federal Credit Union fundraising account. Every year during the site visit we have reported to the district staff about our fundraising money being kept in a different account. This is the first year that we have been told that this is not something we should be doing. Since the visit this has been remedied but we would like it to be known that we would have made changes sooner had this been brought to our attention in a previous year. It was always discussed and never been documented as a finding.
