By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven taking and completed state-
administered assessment

Mathematics (grades 3-8 and 11)	55%	58%	39%	40%	33%	34%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures

- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at the front office, 5454 Ruffin Rd., San Diego, Ca. 92123.

Safety Plan Vision

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

All staff members are mandated reporters and are required, by law, to report all known or suspected cases of child abuse or neglect. It is not the job of the mandated reporter to determine whether the allegations are valid. If child abuse or neglect is reasonably suspected or if a pupil shares information with a mandated reporter leading him/her to believe abuse or neglect has taken place, the report must be made. No supervisor or administrator can impede or inhibit a report or subject the reporting person to any sanction.

To make a report, an employee must contact Child Protective Services. This legal obligation is not satisfied by making a report of the incident to a supervisor or to the school.

First, the mandated reporter will complete form SS8572 which can be found here (http://ag.ca.gov/childabuse/pdf/ss_8572.pdf) The report should be made before the close of the day over the telephone and must be followed up in writing. If a report cannot be made immediately over the telephone, then an initial report may be made via e-mail or fax. A report should also be made at the same time with the school director and/or school counselor.

Per Assembly Bill 1432 (D-Gatto), all employees of Innovations Academy will be trained on what they need to know in order to identify and report suspected cases of child abuse and neglect. For this purpose, all employees are required to take the online California Child Abuse Mandated Reporter Training (<http://educators.mandatedreporterca.com/>). Proof of completion of the course must be given to office staff prior to the commencement of the school year or if an employee starts midyear by the end of the first week of employment.

Rights to Confidentiality and Immunity Mandated reporters are required to give their names when making a report. However, the reporter's identity is kept confidential. Reports of suspected child abuse are also confidential. Mandated reporters have immunity from state criminal or civil liability for reporting as

required. This is true even if the mandated reporter acquired the knowledge, or suspicion of the abuse or neglect, outside his/her professional capacity or scope of employment.

Consequences of Failing to Report Staff should be aware that a person who fails to make a required report is guilty of a misdemeanor punishable by up to six months in jail and/or up to a \$1,000 fine (California Penal Code Section 11166[c]).

After the Report is Made Child Protective Services is required to investigate all reports. Cases may also be investigated by Child Welfare Services when allegations involve abuse or neglect within families.

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Public Agency Use of School Buildings for Emergency Shelters

During an emergency, if Innovations Academy is selected as an emergency shelter, all staff and parents/caregivers/guardians will be notified and informed as to procedures.

Disaster Service Workers

Section 3100 of the California Government Code states that public employees are disaster service workers who are subject to the disaster service activities assigned to them by their superiors or by law. The term public employees includes all personnel employed by State of California agencies, California county and city agencies, and public districts. Innovations Academy employees are designated as disaster service workers. Section 3100 of the California Government Code applies to public school employees for cases in which:

1. **A local emergency has been proclaimed.**
2. **A State of Emergency has been proclaimed.**

3. A Federal disaster declaration has been made.

Incident Command System

Emergency Disaster Kit This site maintains 3 kits. The kit(s) are located: Front Office, room 200.

The Emergency Disaster Kit stores necessary resources for a site incident command. This kit will be brought to the Command Post and will be used by the Commander. This kit should not be confused with the First Aid Kit or the Student Release Kit. These kits can both be found with the Emergency Disaster Kit. School personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- Handheld Air Horns – recommend a minimum of five
- Bull Horn – recommend a minimum of one
- Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie talkies
- Flashlights – recommend one per Site Incident Command Team member (15)
- Emergency radio (for Site Commander)
- Walkie Talkies – recommend a minimum of six (Site Incident Commander & Leaders)
- Duct Tape – recommend a minimum of two rolls used for marking blank vests.
- Rosters - recommend a minimum of one set per room sorted by alphabet

- Pencils & Pens - recommend one each per Site Incident Command Team member (34)
- Chalk - recommend twenty-five sticks, red in color
- Medical Team Supplies –
 - Roster
 - First aid kit
 - Water bottles
 - Blankets
- Clipboards
- Vests for Key Personnel – recommend a total of 15 for Site Incident Command Team members
- Student Release Supplies
 - Student Roster
 - Clipboard

The Emergency Disaster Kit and its contents are the responsibility of the Site Incident Commander. The Site Incident Commander will conduct annual inspections of the kits in October of each year and maintain the responsibility to inspect and replace non-operating equipment and supplies each year.

Emergency Response Boxes This site maintains 1 Emergency Response Box for the Site Incident Command Team.

The Emergency Response Box is located in the Main Office near: Director's Office.

The Emergency Response Box is a file folder type box. The box is clearly labeled and contains vital information needed by the Site Incident Command Team. The following information is stored inside the box:

- Current copy of the Site Emergency Response Plan which should include site evacuation procedures, including staging locations. Also included should be an aerial photo including all new structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, classroom numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- Current map of site or school layout. Map must show all buildings, classroom numbers, and evacuation routes. · Most current blueprints (architectural drawings).
- Current roster of students and staff assigned to the site, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.

- A list of the site's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- If available, current student photos on CD-ROM or most recent yearbook.
- Telephone numbers listed in numerical order for each classroom/building.

Maintenance of the Emergency Response Box and its contents is the responsibility of the Site Incident Commander. The responsibility to inspect and replace information belongs to the Site Commander.

Persons with Disabilities In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. Each Site Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance. Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time. Proper signage for this area is "Area of Rescue Assistance." Evacuation maps will articulate this information.

Return to Facility The Site Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the facility. In the event that staff or students must be released early, the Site Incident Commander must request approval from the Office of the Director. School Police Services should be advised of this information.

Site Shelter-In-Place Procedure Shelter-In-Place generally occurs when evacuating the site is more dangerous than taking shelter inside a building. This generally occurs during natural disasters, severe weather conditions, or health hazards. The following procedure applies to this site. Additional information pertaining to Shelter-in-Place is available in Innovations Academy Emergency Procedures (confidential).

Comprehensive School Safety Plan 5 of 24 10/14/21

Notification

The Site Incident Commander is responsible to notify the Site Incident Command Team when a Shelter-In-Place is necessary. School Police Services, in coordination with the Site Incident Commander is responsible for activating the Shelter-In-Place notification procedures for site-level personnel. Shut all doors and windows leading into the room, including interior doors. Doors may be opened for late arrivals if the exterior environment is safe. Take student attendance and report missing or extra students or adults to the office by radio, telephone or email. For environmental emergencies, immediately shut off the air conditioning/heating system, try to seal air vents and gaps under doors and around windows. Remain in lockdown until the "All Clear" notification is given.

Return to Facility The Site Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the facility. In the event that staff or students must be released early,

the Site Incident Commander must request approval from the Office of the Superintendent. School Police Services should be advised of this information.

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

Suspension/Expulsion Procedures

At Innovations Academy we pride ourselves in our Character Development program that includes children in the conflict resolution process. Most incidents at school will be handled inside the classroom through peer to peer conflict resolution, teacher to student discussion and problem solving or through the class council conflict resolution procedure. However, when a situation reaches the level of needing intervention from the Director, an evaluation is made as to if a suspension or expulsion is recommended. This section is designed to inform all parents of suspension/expulsion procedures and due process.

Innovations Academy staff shall enforce disciplinary rules and procedures fairly and consistently among all students. Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Innovations Academy has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities in Education Act ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to regular education students except when federal and state law mandates additional or different procedures.

Innovations Academy will follow Section 504, the IDEA, and all applicable federal and state laws including but not limited to the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Innovations Academy has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students. Within ten school days, the school will assemble an IEP team to make a manifestation determination as to whether the disciplinary behavior was the result of the student's disability. Should the student remain on suspension for an extended period, the school will work with the district to provide an interim alternative educational setting. Innovations Academy shall notify the District of the

suspension of any student identified under the IDEIA (or for whom there may be a basis of knowledge of the same) or as a student with a disability under Section 504 and would grant the District approval rights prior to the expulsion of any such student as well.

Alternatives to suspension or expulsion will first be attempted with students who are truant, tardy, or otherwise absent from assigned school activities.

Whether a student is given suspension or expulsion will be determined by prior record, intent and severity and determined by the Director. A recommendation for expulsion will be taken to the Board for approval prior to the expulsion being levied.

3. Suspension shall be initiated according to the following procedures:

a. Who May Suspend

Only the Director (Principal) or the Director's designee may suspend a student.

b. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Director or the Director's designee with the student and his or her parent and,

whenever practical, the teacher, supervisor or school employee who referred the student to the Director. The conference may be omitted if the Director or designee determines that an emergency situation exists.

An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

c. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

d. Suspension Time Limits/Recommendation for Placement/Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension.

Upon a recommendation of placement/expulsion by the Director or Director's designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Director or designee upon either of the following determinations: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

4. Authority to Expel

A student may be expelled either by the Innovations Academy Board following a hearing before it or by the Board upon the recommendation of an

Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and either a teacher of the pupil or a Board member of the School's governing board. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

5. Expulsion Procedures

Only the Director or the Director's designee may recommend expulsion of a student or refer a student for an expulsion hearing. Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty school days after the Director or designee determines that the Pupil has committed an expellable offense.

In the event an administrative panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session unless the pupil makes a written request for a public hearing three days prior to the hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil.

The notice shall include:

- a. The date and place of the expulsion hearing;**
- b. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;**
- c. A copy of the School's disciplinary rules which relate to the alleged violation;**
- d. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment;**
- e. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non- attorney advisor;**
- f. The right to inspect and obtain copies of all documents to be used at the hearing;**
- g. The opportunity to confront and question all witnesses who testify at the hearing;**
- h. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.**

6. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Innovations Academy may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of

psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the school or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

a. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony,

(b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

b. Innovations Academy must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

c. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

d. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

e. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

f. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

g. If one or both of the support persons is also a witness, Innovations Academy must present evidence that the witness' presence is both desired by the witness and will be helpful to the School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

h. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

i. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

j. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

7. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

8. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be made based on findings of facts in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The

final decision by the Board shall be based on the written findings of facts and shall be made within ten (10) school days following the conclusion of the hearing. The Decision of the Board is final.

If the expulsion hearing panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

Independent study is an alternative to classroom instruction. Students who are excluded from classroom instruction in a school district—who have been suspended or expelled—are thereby excluded from independent study as well. No ADA credit may be claimed for either classroom attendance or independent study by suspended/expelled students during the duration of their suspensions/expulsions. Students whose expulsions are being held in abeyance pursuant to Education Code Section 48917 and who have been referred to specified settings in lieu of expulsion, pursuant to that section may generate ADA credit through independent study only if they are also given at least one classroom instruction option.

9. Written Notice to Expel

The Director or designee following a decision of the Innovations Academy Charter School Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

- a. Notice of the specific offense committed by the student
- b. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the school.

The Director or designee shall send a copy of the written notice of the decision to expel to the District. This notice shall include the following:

- a) The student's name
- b) The specific expellable offense committed by the student

Additionally, in accordance with Education Code Section 47605(d)(3), upon expulsion of any student, Innovations Academy shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of

the cumulative record of the pupil, including a transcript of grades or report card and health information. 10. Disciplinary Records

Innovations Academy shall maintain records of all student suspensions and expulsions at the school. Such records shall be made available to the District upon request.

11. No Right to Appeal

The pupil shall have no right of appeal from expulsion from Innovations Academy as the Charter School Board's decision to expel shall be final.

12. Expelled Pupils/Alternative Education

Pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence.

13. Rehabilitation Plans

Students who are expelled from Innovations Academy shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the school for readmission.

14. Readmission

The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school shall be in the sole discretion of the Innovations Academy Board following a meeting with the Director and the pupil and guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Director shall make a recommendation to the Innovations Academy Board following the meeting regarding his or her determination.

The pupil's readmission is also contingent upon the Innovations Academy's capacity at the time the student seeks readmission.

(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)

In order to fulfill the requirements made by Education Code 49079 and Welfare and Institutions Code 827 that state teachers must be notified of the reason(s) a student has been suspended. Innovations Academy has incorporated this notification into the existing "Attendance Reporting Screen." On the daily attendance report, when a student is suspended, it will show an "*" next to the student's name. The teacher can access the suspension by reading the suspension report in the front office. This information is for the student's current teachers only. All information regarding suspension or expulsion is CONFIDENTIAL, and is not to be shared with any student(s) or parent(s).

Pursuant to Welfare and Institution Code 827(b) and Education Code 48267, the Court notifies the director of Innovations Academy regarding students who have engaged in certain criminal conduct. This information is forwarded to the director. The director is responsible for prompt notification of the student's teachers. Per Education Code 49079, this information must be kept confidential. This information is also forwarded to all administrators and the student's counselor.

(E) Sexual Harassment Policies (EC 212.6 [b])

It is the objective of Innovations Academy to provide a working environment free from discrimination and conduct commonly referred to as sexual harassment.

The E.E.O.C. (Equal Employment Opportunity Commission) has provided a broad definition of sexual harassment. It is general in nature and may not always be clear when evaluating everyday situations.

“Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment, submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individual, or such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile, or offensive working environment.”

Sexual harassment refers to behavior inappropriate in the workplace because it is offensive, unwelcome behavior which would not occur but for the gender of the offended person. Both sexual harassment, and accusations of sexual harassment, are disrupting to the work environment.

If you or a co-worker experience what you believe to be sexual harassment or accusations of sexual harassment, report it promptly to the Director.

Innovations Academy will investigate any employee, regardless of job position when such allegations are made. Based on available information, Innovations Academy will take appropriate action and communicate on a need-to-know basis. Appropriate disciplinary action, up to and including termination will be taken against any individual for sexual harassment charges determined to be valid.

(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

Innovations Academy believes that socially responsible behavior is crucial to improving and maintaining a climate of respect. Dress and grooming should not interfere with the educational process. School clothing should be neat, clean, maintain adequate coverage, be appropriate for school activities, and follow standards of common decency (no profanity, nondiscriminatory, sexually explicit clothing, etc.).

Footwear: Please wear or bring to school closed-toe athletic shoes for outdoor activities during P.E. The scheduling of P.E. can be unpredictable and classes often play active outdoor games. Please plan accordingly.

(G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2) Drop off in the morning begins a maximum of 30 minutes before start time (8:30 a.m.). Children must enter the school campus through the turnaround area gate. Once on campus all students are to remain on site. The gates are closed and locked at 8:30. All students arriving after 8:30 must sign in at the front office.

Pick up for Kindergarten starts at 2:15 on Tuesday-Friday. Parents/Guardians/Caregivers will meet their child at the classroom. In order to pick up a student, written permission needs to be given to our front office.

The front office will communicate with teachers regarding permissions for pick up.

Pick up begins for 1st-8th at 3:00 dismissal for a 30 minute duration (until 3:30 p.m. T-Fri). Parents have the responsibility and authority to decide how their child is picked up. If a parent chooses for their child to walk home or walk across the street or walk to the parking lot or park, they must communicate this with their child. If a parent wishes for the teacher to be aware of the plan, they must communicate this with the teacher. We encourage parents to come into the classroom at least one time per week to pick up their child(ren) if conditions allow. This fosters communication between parents/care- givers and teachers and allows parents to see student work.

Any child, K-5, going home with another family for a play date must have a signed note to be given to their teacher that day or earlier or their guardian(s) must have notified the office. Ride coordination can take up quite a bit of time, please be respectful that teachers have tasks ahead of them after school gets out.

Any child remaining after pick up time has ended will be sent to the office. This is disruptive to staff time, so please plan accordingly. Supervision can not be guaranteed after 3:45 p.m.

Entrances and Exits

We have attached a remote lock to the front doors of the building so that we can remotely let parents and families enter the building to keep the entrance safely monitored.

Training staff to lock and maintain the security of the school building and grounds when not in session (e.g. not propping doors that are not being regularly used, locking up in the evening, etc.).

Posting signs that visitors sign in at the main office.

Establishing a culture in which any adults without a visitor label and any children not enrolled at the school are escorted immediately to the main office.

Creating a dismissal plan and student pick-up plan to ensure the safety of all students.

Staff is responsible for releasing students to parents, legal guardians or other persons designated by parents or legal guardians, unless formally modified by a court order served to the school. In the event that employees are uncertain of the propriety of releasing a student, they should locate or contact the Director before releasing the student.

Parent Responsibilities

Parents are responsible for ensuring the safe arrival/dismissal of their child to/ from school. This includes but is not limited to: Ensuring that

Innovations Academy has the necessary paperwork for anyone picking up the child from school. Having the parent call in or bring a signed note if the child is to go home with a friend.

Following seatbelt laws at all times.

Students biking, rollerblading, skateboarding, etc. to school must wear an appropriate helmet.

Students taking public transportation must know which route to take as well as how to walk to school from the drop off location. Visitors Policy

Innovations Academy encourages interested members of the community to visit our school. To avoid potential disruptions to learning, to provide visitors with the information they need, and for the safety of students and staff, ALL visitors should register immediately upon entering the school building.

Visitors shall sign in at the beginning of their visit, receive a visitor label, and sign out at the end of their visit. Students from other schools as well as students who have ended their school day are not to be on campus unless accompanied by parents/guardians or with the permission of the site administrator.

In registering as a visitor, the sign-in form will include spaces for the following information:

Name;

His/her purpose for entering school grounds;

Destination within the school

Time in and out

At his/her discretion, the Director, office manager or designee may also request

proof of identity

address

occupation and company affiliation

age (if less than 21); and any other information consistent with the law.

Parents and guardians visiting during the school day for any purpose other than picking up at or dropping off a child at the beginning or end of the school day as part of the normal school day schedule should also be requested to sign into the visitor log or a special log for parents. This applies to parents and guardians who are picking up a student early (e.g. for a medical reason) or dropping off a student late (e.g. tardy), as well as parents and guardians who are on campus to volunteer in their child's classroom.

However, formal visitor registration is at the discretion of the school Director or designee. VIP Visitors accompanied by any Innovations Academy management team member may be requested to register as a

visitor at the discretion of the accompanying Innovations Academy management team member.

The Director or designee may refuse to register any visitor if he or she reasonably concludes that the visitor's/outsider's presence would disrupt the school, students or employees, would result in damage to property, or would result in the distribution or use of a controlled substance.

The Director or designee may request that a visitor/outsider who has failed to register, or whose registration privileges have been denied or revoked, to promptly leave school grounds. If necessary, the Director or designee may call the local police to enforce the departure of the visitor/outsider. When a visitor/ outsider is directed to leave, the Director or designee shall inform the visitor/ outsider that if he or she reenters the school within seven (7) days, he or she will be guilty of a misdemeanor and subject to a fine and/or imprisonment.

All schools will inform parents annually about the school's policies regarding visitors/outsiders, and remind parents that to maximize safety and security they should also register when visiting the school.

This visitor/outsider policy is subject to the further terms and conditions contained in Innovations Academy's Registered Sex Offender Policy, set forth below.

Safety Plan Appendices

Types of Emergencies & Specific Procedures

Aircraft Crash

Warning of a failing or fallen aircraft is usually by sight, sound or fire. If an aircraft falls near the school, the following actions will be taken:

- The site administrator will determine which emergency actions should be implemented. When necessary, teachers will take immediate action to ensure the safety of students if the site administrator is unable to direct emergency action.
- Students and staff must be kept at a safe distance from the aircraft, as it may explode. Move crosswind or stay up wind to avoid fumes.

- Call 911

Notify the Director.

Animal Disturbance

If a rabid or vicious animal is at or in the vicinity of the school, the Animal Control Center should be notified immediately. Teachers shall be notified of Shelter In Place. Students outside of the building will be quietly and cautiously sent into the nearest building and secured in a room behind closed doors.

Notify the Director.

Armed Assault on Campus

School Comprehensive School Safety Plans should include courses of action that will describe how students and staff can most effectively respond to an active shooter situation to minimize the loss of life, and teach and train on these practices, as deemed appropriate by the school.

Law enforcement officers may not be present when a shooting begins. The first law enforcement officers on the scene may arrive after the shooting has ended. Making sure the staff knows how to respond and instruct their students can help prevent and reduce the loss of life.

No single response fits all active shooter situations; however, making sure each individual knows his or her options for response and can react decisively will save valuable time. Depicting scenarios and considering response options in advance will assist individuals and groups in quickly selecting their best course of action.

Understandably, this is a sensitive topic. There is no single answer for what to do, but a survival mindset can increase the odds of surviving. As appropriate for your community, it may be valuable to schedule a time for an open conversation regarding this topic. Though some parents or personnel may find the conversation uncomfortable, they may also find it reassuring to know that, as a whole, their school is thinking about how best to deal with this situation.

During an active shooter situation, the natural human reaction, even if you are highly trained, is to be startled, feel fear and anxiety, and even experience initial disbelief and denial. You can expect to hear noise from alarms, gunfire and explosions, and people shouting and screaming. Training provides the means to regain your composure, recall at least some of what you have learned, and commit to action. There are three basic options: run, hide, or fight. You can run away from the shooter, seek a secure place where you can hide and/or deny the shooter access, or incapacitate the shooter to survive and protect others from harm.

As the situation develops, it is possible that students and staff will need to use more than one option. During an active shooter situation, staff will rarely have all of the information they need to make a fully informed decision about which option is best. While they should follow the plan and any instructions given during an incident, often they will have to rely on their own judgment to decide which option will best protect lives.

Respond Immediately

It is not uncommon for people confronted with a threat to first deny the possible danger rather than respond. An investigation by the National Institute of Standards and Technology (2005) into the collapse of the World Trade Center towers on September 11, 2001, found that people close to the floors impacted waited longer to start evacuating than those on unaffected floors.²¹ Similarly, during the Virginia Tech shooting, individuals on campus responded to the shooting with varying degrees of urgency.²² These studies highlight this delayed response or denial. For example, some people report hearing firecrackers when in fact they heard gunfire.

Train staff to overcome denial and to respond immediately, including fulfilling their responsibilities for individuals in their charge. For example, train staff to recognize the sounds of danger, act, and forcefully communicate the danger and necessary action (e.g., "Gun! Get out!") to those in their charge. In addition, those closest to the public address or other communications system, or otherwise able to alert others, should communicate the danger and necessary action. Repetition in training and preparedness shortens the time it takes to orient, observe, and act.

Upon recognizing the danger, as soon as it is safe to do so, staff or others must alert responders by contacting 911 with as clear and accurate information as possible.

Run

If it is safe to do so for yourself and those in your care, the first course of action that should be taken is to run out of the building and far away until you are in a safe location. Students and staff should be trained to

- Leave personal belongings behind;
- Visualize possible escape routes, including physically accessible routes for students and staff with disabilities as well as persons with access and functional needs;
- Avoid escalators and elevators;

Comprehensive School Safety Plan 20 of 24 10/14/21

- Take others with them, but not to stay behind because others will not go; Call 911 when safe to do so; and
- Let a responsible adult know where they are.

Hide

If running is not a safe option, hide in as safe a place as possible. Students and staff should be trained to hide in a location where the walls might be thicker and have fewer windows. In addition:

Lock the doors;

- Barricade the doors with heavy furniture;
- Close and lock windows and close blinds or cover windows;
- Turn off lights;

- Silence all electronic devices;
- Remain silent;
- Hide along the wall closest to the exit but out of the view from the hallway (allowing for an ambush of the shooter and for possible escape if the shooter enters the room);
- Use strategies to silently communicate with first responders if possible, for example, in rooms with exterior windows make signs to silently signal law enforcement officers and emergency responders to indicate the status of the room's occupants; and
- Remain in place until given an all clear by identifiable law enforcement officers.

Fight

If neither running nor hiding is a safe option, as a last resort when confronted by the shooter, adults in immediate danger should consider trying to disrupt or incapacitate the shooter by using aggressive force and items in their environment, such as fire extinguishers, and chairs. In a study of 41 active shooter events that ended before law enforcement officers arrived, the potential victims stopped the attacker themselves in 16 instances. In 13 of those cases they physically subdued the attacker.²³ While talking to staff about confronting a shooter may be daunting and upsetting for some, they should know that they may be able to successfully take action to save lives. To be clear, confronting an active shooter should never be a requirement in any school employee's job description; how each staff member chooses to respond if directly confronted by an active shooter is up to him or her. Further, the possibility of an active shooter situation is not justification for the presence of firearms on campus in the hands of any personnel other than law enforcement officers.

LOCKDOWN & SHELTER IN PLACE PROCEDURES

STEP 1 - GET INSIDE Direct all students and staff to go to the nearest room if caught outside.

STEP 2 - LOCK ALL DOORS Teachers and staff must lock all doors leading into the classroom or office including interior doors that connect to other rooms. Close all window coverings.

STEP 3 - DUCK & COVER Stay away from windows and doors. Instruct students to lie down on the floor.

STEP 4 - REMAIN QUIET Instruct students not to talk in order to avoid bringing attention to your room.

STEP 5 - WAIT Instruct students to stay in position until an evacuation has been announced.

STEP 6 - EVACUATE Go To your designated safety area

STEP 7 - RETURN TO CLASS Receive notification to return to class Escort students back to class.

Biological or Chemical Release

Warning of a chemical accident is usually received from fire and/or police departments or from emergency services officials when such accident occurs sufficiently near a school to be a threat to the safety of students and staff. An overturned tanker, a broken fuel line, and an accident in a commercial establishment that uses chemicals are all potential hazards. Whether the accident occurs at the school or off the school grounds, the site administrator shall determine if there is need to EVACUATE or to SHELTER-IN-PLACE. This decision will be made in coordination with offsite emergency respondents. If it is necessary to evacuate the area, move crosswind, never directly with or against the wind which may be carrying fumes. Get upwind as quickly as possible.

Earthquake

Although the probability of an earthquake occurring is lower than most other emergency types, the potential for injuries and damage from one is high. It is essential that students and staff remain aware of the following basic actions:

If an earthquake or other situation warrants, drop to the floor, take a protective position under desks or furniture with backs to windows and hands covering head and face. Stay in position until directed to evacuate or take other protective action.

If outside, move away from buildings and trees and take protective positions. When situation permits, proceed to the designated assembly point. Standby: Alert students in your area to stand by for further information. Make whatever assessment of the situation is possible. Render emergency first aid as required.

If inside, stay inside during ground shaking. In classrooms or offices, move away from windows, shelves and heavy objects or furniture that may fall. Take cover under a safe table, desk or counter. At the teacher's command, students should take the DROP position.

If a "shelter" (table, desk, etc.) is not available, move to an inside wall or corner, turn away from windows, kneel alongside the wall, and bend head close to knees, with elbows firmly behind neck protecting face.

If notebooks or jackets are handy, hold these overhead for added protection from flying glass and ceiling debris. Remain in sheltered position for at least 60 seconds or until directed to move by an adult.

If in halls, on stairways, or other areas where no cover is available, students must follow the directions of the nearest teacher or school employee.

If in the library, immediately move away from windows and bookshelves and take appropriate cover. In the science lab or shops, all burners should be extinguished (if possible) before taking cover. Stay clear of hazardous chemicals that may spill.

Comprehensive School Safety Plan 22 of 24 10/14/21

The duration of ground shaking depends on a number of factors, including the severity of the earthquake. Advise students to anticipate shorter or longer episodes of ground shaking during actual earthquakes and their aftershocks.

EARTHQUAKE HAZARDS COMMONLY FOUND IN SCHOOL BUILDINGS:

- **Glass that shatters or flies around**
- **Objects stored above head-level on shelves, walls, and ceilings (such as unused projectors, books, science equipment, boxes)**
- **Objects that block movement to safe places (books on floors, tipped desks and bookcases)**
- **Cabinets without latches**
- **Objects stored on wheels**
- **Open shelving without a lip or restraining wire**
- **Free standing cabinets**
- **Blocked exits**
- **Objects in hallways that block movement (glass, tables, locker contents)**

SETTLING DOWN AFTER THE FIRST SHOCK: After the first shock, teachers will evacuate the classrooms, being alert to the possibility of aftershocks. When leaving the classroom, teachers should make every effort to take with them the roll book and emergency supplies. Announce that no student is to return to the room unless directed to do so. Teachers will take classes to pre-arranged places on the campus.

Teachers and students will remain in designated areas until re-entry to the building has been approved or they are directed to move elsewhere.

School will remain open indefinitely until every student has been released to parents or to an authorized person. Do not light any fires after the earthquake because of possible gas leaks. If possible, notify utility companies of any break or suspected breaks in service.

The Incident Commander should procure the advice of the Director of Maintenance and Operations regarding the safety of the buildings.

The Incident Commander should keep the superintendent informed of conditions at the school. Earthquake Emergency Procedure

**STEP 1 - FEEL THE SHAKE OR HEAR A PA ANNOUNCEMENT Inform students:
"An earthquake drill has begun. It's time to drop, cover and hold on."**

STEP 2 - DROP, COVER, & HOLD ON 1st - Drop to your knees and get under a sturdy desk or table. 2nd - Clasp hands behind neck and make body as small as possible 3rd - Cover face and ears with arms

STEP 3 - EVACUATE BUILDING 1st - Listen for evacuation announcement 2nd - Evacuate building **SILENTLY** by the route illustrated on the map to designated safety area 3rd - Line up and remain **SILENT** at designated safety area 4th - Take attendance and identify absent or unaccounted for students

STEP 4 - RETURN TO CLASS Receive notification to return to class Escort students back to class.

Explosion or Risk Of Explosion

The **DROP** command is to be given immediately in the event of an explosion at the school or within a school building. If the explosion occurs within the building or threatens the building, the teacher will then implement the school evacuation plan. Assemble at the designated assembly area.

Sound the fire alarm and proceed as above for a fire.

Notify the Director.

Fire on School Grounds

Fire Drills

1. The assistant director shall notify staff as to the schedule for fire drills. Fire drills will take place at least four times every school year. (Education Code 32001)

2. Whenever a fire drill is held, all students, teachers and other employees shall be directed to leave the building. (5 CCR 550) 3.

Teachers shall ascertain that no student remains in the building.

4. Teachers shall be prepared to select alternate exits and shall direct their classes to these exits whenever the designated escape route is blocked.

5. The assistant director or designee shall keep a record of each fire drill conducted.

Fires

When a fire is discovered in any part of the school, the following actions shall be taken:

1. The assistant director or designee shall sound fire signals, unless the school and/or building is equipped with an automatic fire detection and alarm system. (Education Code 32001)

2. The assistant director or designee shall call 911.

3. All persons shall be directed to leave the building and shall proceed outside to designated assembly areas. 4. Staff shall give students clear direction and supervision and help maintain a calm and orderly response. 5. In outside assembly areas, teachers shall take roll, report missing students, and provide assistance to any injured students. 6. In outside assembly areas, the principal,

designee and/or each department head shall account for their staff, report missing staff, and provide assistance to any injured staff.

7. If the fire is extensive, students shall be taken to an alternate location for protective custody until parents/guardians can pick them up or until they can be safely transported to their homes.

FIRE EVACUATION PROCEDURES

STEP 1 - HEAR FIRE ALARM / PA ANNOUNCEMENT / SMELL SMOKE OR FEEL HEAT

STEP 2 - EVACUATE BUILDING

1st - Line up to evacuate building

2nd - Evacuate building by designated map route

3rd - Line up in the location designated on map

4th - Take attendance and identify absent or unaccounted for students

STEP 3 RETURN TO CLASS

Receive notification to return to class and escort your students back to your classroom.

NOTE: STUDENTS WHO ARE OUTSIDE OF THE CLASSROOM MUST FOLLOW THE ADULT THEY ARE WITH OR JOIN THE CLASS THEY ARE NEAREST AND NOTIFY THAT TEACHER OF THEIR PRESENCE (I.E. THEY ARE IN THE BATHROOM)

Professional Development

At Innovations Academy, we consider professional development as ongoing throughout the year via weekly staff meetings, grade level team collaborations, professional development work days, and educational workshops. These sessions focus on constructivism, inquiry, project development, academic content, assessment, differentiation of instruction to meet the needs of all students, classroom management and our social emotional curriculum. Additionally this year, much of our professional development centered around best practices to meet the needs of our distance learners during the pandemic.

Training happens both on campus and off site throughout the year as well. Teachers attend conferences and trainings of their choice as well as those provided for schoolwide pedagogical alignment. Additionally, an administrator observes teachers throughout the week, providing the necessary feedback teachers need to both feel supported and to experience growth and reflection in their craft. Teachers are provided time to observe each other and collaborate regularly during the school day as well as visit other schools during the school year. Our professional development focus areas include math, ELA and interactive learning.
